

## **Financial Responsibility Statement & Acknowledgment of Office Policies, Consent to Treat**

### **Insurance Information**

It is your responsibility to know the terms and limitations of your policies. Failure to inform us of all of your insurance information may result in a denial of benefits and payment in full being owed by you. Your insurance company is required to respond to our claim submission within 30 days. If we receive no response from your insurance company we may ask you to contact your insurance company or remit payment yourself and seek reimbursement from your insurance company. Medical insurance and vision plans are very different in their terms of service and their coverage. We are unable to determine which, if any, can be billed until after the examination is completed. When a medical condition is present (diabetes, hypertension, dry eyes, red eyes, allergies, etc.) it may be necessary to file the claim with your major medical carrier. **Vision plans do not cover medical problems, just as medical plans do not cover routine glasses and contact lens exams.** We are unable to bill your vision plan for the glasses/contact lens portion of your exam on the same day we bill your medical insurance for management of your medical eye problem. Our office does not make these billing rules, they are defined by the insurance carrier.

### **Financial Policy**

Payment is expected at time service is rendered and before orders are placed. By signing you agree to be held liable for all expenses, costs and reasonable court, attorney and collection agency fees for any delinquent balance. A collection service fee will be assessed for any unpaid balances after 30 days of initial notice of balance due. Our office may assess an administrative fee for completion of any outside paperwork, forms and chart reviews requested by you.

### **Appointment Cancellations:**

We make every effort to confirm appointments 24 to 48 hours prior to your arrival. Appointment cancellations with less than a 24 hour notice or no shows will be assessed a \$45 fee. In consideration of other patients, please make every effort to arrive on time. If you are more than 15 minutes late we may need to reschedule your appointment.

### **Vision/medical benefits:**

It is your responsibility to know your coverage and co-pay amounts. Please be aware, unless your particular insurance plan has specific benefits for contact lens evaluations, you will be expected to pay the contact lens evaluation fee along with your comprehensive exam co-pay and any other non-covered services.

Any out of pocket expenses collected from you at the time of service are estimates only. Your insurance will determine your final out of pocket costs. In the event that your insurance carrier determines that you are not eligible at the time of service, or makes a determination that you are eligible for a reduced level of coverage, by signing this statement you hereby agree to be financially responsible for any and all charges incurred by you and not paid by the insurance carrier, and any additional collection fees necessary to collect all amounts due. Be aware that any pre-authorizations received by our office are not in any way a guarantee of payment from your insurance carrier. By using your vision/medical insurance you authorize them to directly pay Infocus Eyecare the benefits otherwise payable to you the patient, and that the insurance carrier may pay less than the actual bill for services. After we receive your insurance carrier's response any and all remaining balances will be due within 30 days. If we do not receive a response from your insurance company within 90 days we will bill you for the balance due in full. Due to the time limit restrictions imposed by many insurance companies, failure to supply us with the correct insurance information may result in payment in full being owed by you.

### **Infocus Satisfaction Policy**

In the event you have difficulty seeing out of your new eyeglass lenses, this office will perform a refraction one time after the initial exam at no cost within 60 days of the date on which the prescription was determined. If you have unresolved medical conditions this policy does not apply and you may be charged a fee. You must be able to furnish the glasses/contacts that you had filled with the aforementioned prescription if not filled through our office. A fee to confirm the parameters of a prescription pair of glasses not purchased in our office or online store may apply. Other restrictions may apply, ask an associate for details. After 60 days a fee will be incurred for any recheck. Rechecks will not be performed after 6 months from original exam date and a new exam will be necessary.

### **Infocus Remake Policy and Frame and Lens Warranty**

This office will remake prescription glasses *once* within 60 days of order at no charge to the patient in cases of prescription change. Any changes required beyond the initial remake or due to patient desiring a restyle will result in fees for the lenses and any treatments charged at 40% off of our usual and customary fees. There will be a \$25 restocking fee for all returned frames. Any frame or spectacle lens restyle must be done within the first 30 days of purchase. We do offer a warranty for a small fee for frames and/or lenses. This warranty will replace frame or lenses for up to one year from the purchase date. Warranties do not cover loss or theft. If you used vision insurance to purchase your glasses your warranty changes from our standard office warranty to your insurance company's warranty.

### **Pupillary Distance and Other Eyeglass Measurements**

This office takes pupillary distance and other measurements to properly fit prescription glasses as part of the service provided for eyewear purchased from our office. Patients that do not purchase prescription eyewear through our office will be charged a fee for taking these measurements in conjunction with our prescription verification service.

**Refund Policy**

All orders are final when placed. No refunds are given on custom made prescription items. If you are unhappy with your glasses for any reason, please bring them back to us so we may change them to meet your expectations. Any contact lenses purchased from our office may be returned less a restocking fee as part of our Contact Lens Success Program. Opened or damaged boxes can not be returned. Refunds will not be given on services provided.
